

THE CENTER FOR NEUROBIOLOGY AND BEHAVIOR
Department of Psychiatry
University of Pennsylvania Medical Center

SEMINARS FALL 2009 - SPRING 2010

Time: 10:30 am – 11:30 am
Place: Room 124, 1st Floor, Translational Research Labs
125 S. 31st Street
Contact Person: jblackma@mail.med.upenn.edu

September 11, 2009

Mark Blumberg, PhD
Professor
Department of Psychology
University of Iowa
Sleep and the Development of Body, Brain, & Behavior

October 14, 2009

Venetia Zachariou, PhD
Associate Professor
Department of Pharmacology
University of Crete
Greece
Regulators of G Protein Signaling in Neuropsychiatric Disorders

November 20, 2009

Ricardo Dolmetsch, PhD
Department of Neurobiology
Stanford University
From Calcium Channels to Autism

December 18, 2009

Stephanie C. Licata, PhD
McLean Hospital/Harvard Medical School
Department of Psychiatry
Ambien: What We Know from Monkeys, Man, and Magnetic Resonance

January 15, 2010

Guo-Li Ming, PhD
Associate Professor in Neurology
Johns Hopkins
Regulation of Dendate Granule Cell Development by Disci

February 19, 2010

Garet Lahvis, PhD
Assistant Professor of Behavioral Neuroscience
Oregon Health & Science University
Acoustic Communication in a Mouse Model of Social Reward

March 19, 2010

Elena H. Chartoff, PhD
Assistant Professor of Psychiatry
Harvard Medical School
Kappa Opioid Receptors and Motivation: Implications for Addiction

April 16, 2010

Francis S.Y. Lee, MD, PhD
Associate Professor of Pharmacology
Associate Professor of Psychiatry
Weill Cornell Medical College
Neurotrophic Factors and Affective Disorders

May 21, 2010

Bryan Yamamoto, PhD
Professor and Chair
Department of Neuroscience
University of Toledo College of Medicine
The Stress of Methamphetamine and Its Consequences

June 18, 2010

Aras Petrulis, PhD
Associate Chair
Neuropsychology & Behavioral Neuroscience Program
Georgia State University
The Neural Architecture of Social Odor Recognition
