The Child and Adolescent OCD, Tic, Trich and Anxiety Group (The COTTAGe) at the University of Pennsylvania is pleased to announce our 2018 Clinical Training Workshop Series.

Dr. Martin Franklin, world-renowned expert in the treatment of pediatric OCD, OC Spectrum Disorders, and Anxiety, along with faculty and staff from The COTTAGe, will provide intensive instruction in the use of assessment and treatment techniques for pediatric OCD, Tic Disorders, and Trichotillomania, including Exposure and Response Prevention (EX/RP) for OCD and Habit Reversal Training (HRT) for Tic Disorders and Trichotillomania. These intensive workshops are designed for mental health professionals who would like to sharpen their knowledge of, and fundamental skills in, providing evidence-based treatments for these disorders to youth in their own treatment settings.
