

UNNATURAL CAUSES

Exploring Health Inequalities through the PBS Series

An Interdisciplinary Speaker & Video Series at PENN for 2008-2009

Part 2: “When the Bough Breaks”

with

Jennifer Culhane, PhD MPH

Associate Professor of Obstetrics and Gynecology, Drexel University
Senior Investigator, National Children’s Study, CHOP Study Center

Monday, October 20th, 12:00-1:30

Claudia Cohen Hall (formerly Logan Hall), the Terrace Room

rsvp: cphi@pobox.upenn.edu

lunch will be provided

Infant mortality rates among African Americans remain **twice as high** as among whites. African American women with graduate degrees still face a **greater risk** of delivering pre-term, low birth-weight babies than even white women who didn’t finish high school. Join **Dr. Jennifer Culhane** as she discusses the possible causes of **racism** as a long-term **risk factor**.
