

Dear Parents,

Summer isn't far away, have you made plans for your child's summer camp? Here at the West Philadelphia Community Center, our summer camp planning is complete; Now all that's missing is you! As a part of Caring People Alliance (www.caringpeoplealliance.org), we are a large local non-profit that has been in operation for over 75 years. We have expertise in offering a range of youth programming including early childhood learning, after school and summer camp. We would like to have your family join us for a fun filled adventure as we help children explore environmental issues with our "Go Green With Us" summer camp theme.

We take pride in the fact that our program is known for the following core principles:

1. **Value** - Our camp offers some of the best value in the area including:

- 6 activities offered daily including computers, art, swimming and creative arts, language arts, sports & recreation, and a host of Boys and Girls Club activities focusing on leadership, character and creativity.

2. **Quality** – we are a state licensed facility with the following quality standards:
