**PROGRAM**

12.* When an event or error is reported, it is investigated objectively to first see whether it is related to the system rather than the person (e.g. physician, nurse, etc).

13.* Things "fall between the cracks" when transferring or signing-out patients.

14.* My program leadership seriously considers housestaff suggestions for improving patient safety.

15.* I am satisfied with the mentoring I receive

16.* My program supports research and scholarship

17.* I am satisfied with my patient care experiences

18.* My program provides sufficient training to perform required procedures competently

19.* The curriculum is well organized

20.* My program provides appropriate balance between clinical service and education

21.* I am able to speak freely about issues in my program with my Program Director without fear of intimidation or retaliation
22.* I am able to speak freely about issues in my program with the Division Chief/Department Chair without fear of intimidation or retaliation

23.* Department and Division conferences are of value and foster education

24.* I would recommend this program to others
