Part 5. Logistical Problems Related to Medications

Instructions: ADMINISTERED WEEKLY. NHN: Read list to participant and CHECK all problems that participant mentions.

Often individuals taking medication can have problems with access, storage, payment or other problems. Do you have some trouble related to:

1. Getting medication prescriptions filled
2. Getting medication prescriptions refilled
3. Carrying medications with you when you are out of the house
4. Storing medications
5. Paying for medications
6. Preparing foods suitable for medications

If patient has no problems check this box

If patient refuses to answer check this box
