

**Glucose Clamp Study Submission Form**  
Mouse Phenotyping, Physiology and Metabolism Core

<b>Name</b>	
<b>PI Name</b>	
<b>E-mail ID/Phone Number</b>	
<b>Date</b>	
<b>Account Number</b>	

Please provide the following information to assist with performance of your study

<b>Protocol Number</b>	
<b>Age of mice</b>	
<b>Diet during the experiment</b>	

**Charges:**

Glucose clamp without tracer: \$ 1000/ 4 mice (Minimum order 4 mice, GIR).

Glucose clamp with 3H: \$2000/ 4 mice (Minimum order 4 mice, GIR; HGP; Rd).

**\*\* These charges cover surgical materials and reagents only.**

Glucose clamp with 3H and 14C: \$2500/ 4 mice (Minimum order 4 mice, GIR; HGP; Rd; Glucose uptake in SK & WAT).

S.No	Gender	Mouse ID	Mouse Description (Genotyping)	Blood Glucose level Fed/Fast	Charges \$
