Glucose Clamp Study Submission Form

Mouse Phenotyping, Physiology and Metabolism Core

Name	
PI Name	
E-mail ID/Phone Number	
Date	
Account Number	

Please provide the following information to assist with performance of your study

Protocol Number	
Age of mice	
Diet during the experiment	

Charges:

Glucose clamp without tracer: \$ 1000/ 4 mice (Minimum order 4 mice, GIR).

Glucose clamp with 3H: \$2000/ 4 mice (Minimum order 4 mice, GIR; HGP; Rd).

**** These charges cover surgical materials and reagents only.**

Glucose clamp with 3H and 14C: \$2500/ 4 mice (Minimum order 4 mice, GIR; HGP; Rd; Glucose uptake in SK & WAT).
