

Healthy, Overweight, Paid Volunteers Needed

We are seeking paid volunteers for a study examining the effects of nicotine on inflammation. You will be reimbursed up to \$1250 for your participation. You may qualify if you are:

- Non-smoking
- Male or female
- Age 18-45
- Overweight
- Healthy

Study involves 2 outpatient visits and 2 inpatient stays at the Hospital of the University of Pennsylvania, each of 2 nights and 3 days. Blood will be drawn during each visit. Study may also require wearing a nicotine patch for 40 hours during each inpatient visit, and taking four doses of FDA-approved medication during each inpatient visit. Please email us at inflammation.study@gmail.com for more information.
