Inspiring the Physician-Scientists of Tomorrow

Medical Student Research Fellowships
• Founded in 1980 by Stanley J. Sarnoff, M.D.
• Provides medical students an opportunity to pursue research in biomedical science
Sarnoff Mission

To engage medical students and young investigators in a personalized research experience with preeminent cardiovascular scientists, and to foster the next generation of leaders in the field.
• Although applicants may have prior research experience, applications are also encouraged from students without extensive prior research experience.

• Sarnoff Fellows spend a year conducting intensive work in a research laboratory.

Sarnoff Mentoring

Each Fellow is paired with a member of the Foundation’s Scientific Committee who will:

* Provide guidance during the research year
* Visit the Fellow’s lab during the year
* Aid in overall career development
Alumni Programs

- Webinars *(advice on residency and fellowship applications, grant writing, careers in academia and industry, etc.)*
- Regional networking receptions
- Leadership Training Retreats and Innovation Forums
- Alumni-specific programs at Sarnoff Annual Meeting
- Grant Development Advisory Network
Scientific Committee
