University of Pennsylvania School of Medicine
Where it went.

Sister Martha Silva is the Principal at Enrique de Osso School in Nicaragua.

The school support more than 1300 students during the week.

She told us that the school has several expenses

like teacher and staff payments, building maintenance, supplies cleanings and furniture replacement.

For her this donation is considered like a rich blessing from God and from you.

The People it help.

This picture shows Juana Cerda, she teaches 36 children in kinder garden. Next to her are the students Amy Nachely and Elias Misael. They are very happy with the cabinets that were donated. Now Children will be able to keep safe the toys, books and other stuff into the cabinets. Before, they kept this thing on some tables or on the floor. Now, the classroom is organized. The teacher Juana Cerda is very grateful for this donation and prays to God for all people that made possible this special gift.
