

## NIDDK P30 Center for Molecular Studies in Digestive and Liver Diseases Research Seminar

### **Dr. Rebecca A. Haeusler, Ph.D.**

Associate Professor

Departments of Medicine and Pathology & Cell Biology

Naomi Berrie Diabetes Center

Columbia University Medical Center

Co-Director, [Integrated PhD program in CMBS](#)

Associate Director, [Columbia Digestive and Liver Disease Research Center](#)

### ***“Bile acids in insulin resistance and intrahepatic cholestasis of pregnancy”***

Thursday, December 14, 2023

12:00 – 1:00 PM EST

901 Biomedical Research Building

Lunch is provided, all are invited.

901 Biomedical Research Building or <https://pennmedicine.zoom.us/j/98939770145>

In this seminar, Dr. Haeusler will discuss (1) how bile acid composition and bile acid transport are regulated by insulin signaling and insulin resistance, and (2) how changes in bile acid composition and transport may contribute to the pathology of insulin resistance and intrahepatic cholestasis of pregnancy.
