

NIDDK P30 Center for Molecular Studies in Digestive and Liver Diseases **Ask The Clinician Workshop**

Jonathan Nahas, MD

Division of Gastroenterology and Hepatology
University of Pennsylvania
Perelman School of Medicine

Christine Chan, MD

Clinical Assistant Professor of Medicine
Gastroenterology
Hospital of The University of Pennsylvania
Penn Presbyterian Medical Center and
Pennsylvania Hospital.

“Ask the Clinician: “Steatotic Liver Disease””

Thursday, February 1, 2024

12:00 – 1:00 PM EST

901 Biomedical Research Building

Lunch is provided, all are invited.

We hope to see you at this in-person only seminar: 901 Biomedical Research Building

Drs. Nahas and Chan are active clinicians, both of whom care for patients with all kinds of steatotic liver disease (whether you call it NAFLD, MASLD, NASH, etc., they have these patients). In this session, they will answer any of your questions about the clinical syndromes, about the potential applications of your findings to patients, and about what they and patients wish you would study!

Please come prepared with your questions.

Please visit <https://www.med.upenn.edu/CMSDLD/>
for more information about past and future seminars.
