

CEET

CENTER OF EXCELLENCE IN ENVIRONMENTAL TOXICOLOGY

CEET/SRP Seminar Series

Fall 2018 – Spring 2019

*10-100 Smilow Center for Translational Research (SCTR)

CEET and SRP Seminars- 3:00-4:00pm

Date & Location (*Unless otherwise noted)	Speaker and Title
September 6, 2018 (CEET) 3:00 – 4:30	CENTER OF EXCELLENCE IN ENVIRONMENTAL TOXICOLOGY (CEET) PILOT PROJECT PRESENTATIONS Eric Brown, PhD Title: “Defining Sites of Replication Fork Collapse from Environmental Toxins” A.T. Charlie Johnson, PhD Title: “Nanosensor Systems for Real-time Monitoring of Multiple Water Toxins Anil Rustgi, MD Title: “p53-Mediated Molecular Recycling and Environmental Carcinogen Exposure”
September 27, 2018 (CEET) 3:00 – 4:00	Rebecca Wells, MD Professor of Medicine, University of Pennsylvania Perelman School of Medicine Title: “Using a Plant Toxin to Understand Bile Duct Susceptibility to Injury”
October 4, 2018 (SRP) 3:00 – 4:00	No SRP seminar
October 18, 2018 (CEET) 3:00 – 4:00	Terrance J Kavanagh, PhD, MS Professor, Toxicology, Sheldon D. Murphy Endowed Professor, Toxicology & Environmental Health, Professor, Environmental & Occupational Health Sciences, Dir., UW Interdisciplinary Center for Exposures, Diseases, Genomics and Environment; University of Washington Title: “ Microphysiological Systems for Investigating Chemically-Induced Oxidative Stress in the Liver”
November 1, 2018 (SRP) 3:00 – 4:00	Frances K. Barg, PhD, MEd Professor Of Family Medicine And Community Health At The Hospital Of The University Of Pennsylvania, Philadelphia Title: “The Ambler/Bo-rit Superfund Site: A Community in Transition”
November 15, 2018 (CEET) 3:00 – 4:00	Jay S. Schneider, PhD Professor-Dept. of Pathology, Anatomy and Cell Biology Director-Parkinson's Disease Research Unit Thomas Jefferson University Title: “New Insights into Epigenetic Effects on Brain from Low Level Lead Exposures”
December 6 , 2018 (SRP) 3:00 – 4:00	No SRP seminar as SRP annual meeting is the week before.

CEET

CENTER OF EXCELLENCE IN ENVIRONMENTAL TOXICOLOGY

CEET/SRP Seminar Series

Fall 2018 – Spring 2019

*10-100 Smilow Center for Translational Research (SCTR)

CEET and SRP Seminars- 3:00-4:00pm

Date & Location (*Unless otherwise noted)	Speaker and Title
December 20 , 2018 (CEET) 3:00 – 4:00	Sigrid C. Veasey, MD Professor of Medicine University of Pennsylvania Perelman School of Medicine Title: “Losing Sleep and Brain Cells in our Industrialization Battle Against Mother Nature”
January 3, 2019 (SRP) 3:00 – 4:00	
January 17, 2019 (CEET) 3:00 – 4:00	Frederic D. Bushman, PhD Professor and Chair Department of Microbiology Perelman School of Medicine University of Pennsylvania Title: “The Human Microbiome in Health and Disease”
February 7, 2019 (SRP) 3:00 – 4:00	Trevor Penning, PhD The Thelma Brown and Henry Charles Molinoff Professor of Pharmacology Professor of Biochemistry & Biophysics and OB/GYN Director Center of Excellence in Environmental Toxicology University of Pennsylvania Title: Role of Estrogens in Malignant Mesothelioma
February 21, 2019 (CEET) 3:00 – 4:00	Bethany Wiggin, PhD Associate Professor of German Founding Director, Penn Program in Environmental Humanities; School of Arts and Sciences University of Pennsylvania Title:
March 7, 2019 (SRP) 3:00 – 4:00	Bernhard Hennig, Ph.D., R.D Professor of Nutrition and Toxicology Director, UK Superfund Research Center University of Kentucky Title: Nutritional Modulation of Environmental Toxicity: Implications in Atherosclerosis
March 21, 2019 (CEET)	Guo-Li Ming, MD, PhD Professor, Neuroscience

CEET

CENTER OF EXCELLENCE IN ENVIRONMENTAL TOXICOLOGY

Penn SRP Center

CEET/SRP Seminar Series

Fall 2018 – Spring 2019

*10-100 Smilow Center for Translational Research (SCTR)

CEET and **SRP** Seminars- 3:00-4:00pm

Date & Location (*Unless otherwise noted)	Speaker and Title
3:00 – 4:00	Perelman School of Medicine Department of Neuroscience Title: “Understanding Human Brain and Diseases Using Brain Organoids”
April 4, 2019 (SRP) 3:00 – 4:00	NE Reginal SRP meeting
April 25, 2019 (CEET) 3:00 – 4:00	Stacy Gelhaus Wendell, Ph.D Assistant Professor Department of Pharmacology & Chemical Biology Clinical Translational Science Institute Director, Health Sciences Metabolomics and Lipidomics Core University of Pittsburgh Title:
May 2, 2019 (SRP) 3:00-4:00	Thomas E. Spratt Professor Department of Biochemistry and Molecular Biology Pennsylvania State University Title: DNA polymerase kappa activity during the cell cycle
May 30, 2018 (CEET)	14th Annual CEET Symposium
