GENERAL ANNOUNCEMENTS

(NEW) - An Update on Penn’s Plans for the Fall Semester

The University recently issued updated guidelines for the Fall semester, available here.

COVID-19 Vaccination/Testing Requirements. Penn students, faculty, and staff are required to be vaccinated. Students must upload their vaccine record through Student Health. Information regarding current student immunization requirements can be found here. Beginning July 1, and in accordance with the latest Philadelphia Department of Public Health guidance, fully vaccinated students, faculty, staff, and postdoctoral trainees will no longer be required to participate in weekly Penn Cares COVID-19 screening testing. Students who have not uploaded their fully COVID-19 vaccinated documentation to Student Health Service by July 1 must take part in weekly Penn Cares screening testing. Non-compliance will result in a Red Pass from PennOpen Pass. Learn more about student compliance with testing here.

COVID SAFE surveillance testing sites closed on June 23, 2021.

Student Health Services has a process for verifying vaccinations, including the COVID-19 vaccine. Please see instructions here: https://shs.wellness.upenn.edu/immreq/uploading-immunization-records/
