## **GENERAL ANNOUNCEMENTS**

### **COVID-19 Testing and Vaccinations**

**Testing.** Graduate students who live on campus or come to campus each week must be tested. You may enroll in [Penn Cares Testing](#) or in [COVID SAFE](#) – but you should not be enrolled in both simultaneously. If you are working in a lab in CHOP, Wistar, or another affiliate and are NOT entering Penn/PSOM buildings, you should follow those entities' testing protocols and do NOT need to enroll in University testing.

**Red PennOpen Pass?** If you signed up for Penn Cares testing but are not scheduled for a weekly test, you may get a red PennOpen pass. You will need to schedule your weekly test in order to be given a green pass. If you are no longer coming to campus weekly or have switched to COVID SAFE, please email Judy Jackson, [jajackso@penncare.upenn.edu](mailto:jajackso@penncare.upenn.edu) to arrange to be un-enrolled from Penn Cares. Please refer to Perelman School of Medicine email of 1/25/21 4:24pm for more details about testing.

**Vaccinations.** Penn does not yet have a general scheduling process for vaccinations. Medical students are being scheduled for vaccinations through UPHS. PhD students who work in labs connected to clinical facilities, such as CHOP, VET, or UPHS, **may** be scheduled for vaccinations through those entities. Students who are working SARS-CoV-2 in BSL3 labs or processing specimens from COVID patients may be prioritized for vaccination through Penn Medicine regardless of lab location (contact your PI and/or departmental BA, or Judy Jackson in BGS if in a non-PSOM lab). Subsequent prioritization groups will follow state guidelines and will occur as quickly as possible, depending upon availability of vaccine doses, which remains fluid and difficult to predict. We will continue to share updates as we receive them from our University and Health System colleagues. We ask that our students be patient and understanding as we navigate this process as a community. The institutions are doing their best to vaccinate the exposed and vulnerable first. Ultimately, we want to vaccinate everyone, so [if you are offered the opportunity to get vaccinated and want to do so, we ask that you get vaccinated](#). Every individual who is vaccinated is one less person who can spread the disease. This will allow more efficient distribution to the whole community if we don't have to circle back for people who deferred. We thank you for all your efforts to keep our community safe during these challenging times.

## **Prism & MATLAB Licenses**

BGS students may obtain one year licenses for Prism and MATLAB free of charge. The sign-up form for Prism is included below. Note that the **form is due by March 31<sup>st</sup>, 2021**.

### **1) PRISM LICENSES**

These are arranged through BGS. The new license year begins May 1st. **Please note that even if you already have a Prism license you need to sign up again.**

**If you are interested in obtaining a Prism license, please complete this Google form:**

<https://forms.gle/1bGW24ZKXE3exjDeA>

Note that BGS offers Prism particularly for its graphing capabilities. With respect to statistical applications, we remind students of the importance of understanding the fundamental properties of any statistical analyses that they undertake. In addition, principles of reproducible research require all analyses to be carefully documented. This involves storing the data in an accessible form and creating a written record so that another researcher can easily replicate the statistical analyses for a particular set of data.

### **2) MATLAB LICENSES**

These are arranged through Penn's Office of Software Licensing. You should email [licenses@upenn.edu](mailto:licenses@upenn.edu) using your Penn email address and include the following information: HostID, operating system, and computer user name. See the following [instructions](#) for help locating this information.

## **Pass/Fail Petition**

BGS is allowing students to petition to have unlimited pass/fail grading options should their personal circumstances present the need. The types of petitions that will be considered for approval based on circumstances presented by the pandemic include:

- Students with additional family responsibilities due to the pandemic
- Students who are ill or caring for ill family members
- Students with limited access to internet or necessary technology for remote participation
- Students unable to participate in required synchronous sessions (due to time zone differences, etc.)
- Students experiencing housing insecurity

The petition form is located at [https://upenn.co1.qualtrics.com/jfe/form/SV\\_2rZtqqI6T143Q9L](https://upenn.co1.qualtrics.com/jfe/form/SV_2rZtqqI6T143Q9L) and will be available until **March 19**, the grade type change deadline.

### **Pottruck Reopening Policies**

Pottruck Fitness Center is now open for all graduate and professional students by online reservation. Please be aware of Recreation's safety policies at

<https://recreation.upenn.edu/sports/2021/1/28/pottruck-reopening-policies.aspx>

---

### **Graduate Space Reservations**

Graduate student study space is available in Houston Hall. The space is located in the [Ben Franklin Room](#) on the 2nd floor of Houston Hall, and will be available Monday-Friday from 9AM to 4PM each day through March 12, as conditions permit. The graduate and professional student study space is provided for students to have a safe environment conducive to study and relaxation. See <https://gsc.upenn.edu/online/graduate-space-reservations> for more information and to submit a reservation.

### **Penn's Projects for Progress**

**Deadline: 5PM EST on March 1, 2021.** (*Application goes live on February 15, 2021*)

The Office of Social Equity & Community is pleased to announce the launch of Penn Projects for Progress, a fund and initiative established by President Amy Gutmann. The fund will support proposals designed to promote inclusion by focusing on one or more of the following:

- Eradicating or reducing systemic racism
- Achieving educational equity
- Reducing health disparities based on race, gender, sexual orientation, and/or social determinants of health.

Projects must demonstrate how they will make a direct impact in Philadelphia, whether at Penn in particular or more broadly anywhere in the city. The projects will be conceived by teams of Penn students (undergraduate, graduate, and professional), staff, and faculty – [learn more here](#) and see our FAQ for details on eligibility.

### **Project Meow Accepting Donations**

Project Meow builds winter shelters for the stray cats of West Philadelphia. More than 500 shelters were constructed last season! They are once again accepting donations of large styrofoam boxes (Illumina boxes are ideal). See flyer [here](#); contact [Anne Froehling](#) (215)-485-6121 to arrange pick up outside the building.

## UPCOMING EVENTS

### **Discussion with Leonard Hayflick, PhD, 2020 Distinguished Graduate Award Recipient | March 1<sup>st</sup>**

**Date: 03/01/2021**

**Time: 3:00 PM to 4:00 PM EST**

**Location: Virtual Event via BlueJeans Events**

**Leonard Hayflick, C'51, G'53, GR'56**, a native Philadelphian, is currently Professor of Anatomy at the University of California, San Francisco. In 1962, as a member of the Wistar Institute and an assistant professor at the University of Pennsylvania Medical School, he discovered that cultured normal human cells had a limited ability to divide, overturning a 60-year-old dogma that all cells are potentially immortal. He interpreted his discovery to be aging at the cell level, which launched the modern era of aging research by redirecting its cause to intracellular events. He also discovered that only cancer cells are immortal, which redirected research to how mortal normal human cells become immortal cancer cells.

### 3-Minute Thesis

**Deadline: March 15, 2021**

Penn 3MT is a university-sponsored competitive speaking competition designed to showcase graduate student research in three-minute talks to a general audience. This is a terrific opportunity for graduate students engaged in substantive original research to develop communication skills and share their work with faculty, students, and staff from across the University.

In addition to bragging rights, prizes will be awarded to the top three winners and an audience choice winner. To enter, students must submit a video of their three-minute talk to Penn 3MT. From those submissions, finalists will be chosen to compete in the campus wide online competition.

Learn more and submit your video: [https://bit.ly/3\\_MT](https://bit.ly/3_MT)

*Cosponsored by GAPSA, Penn Libraries, Career Services, CURF, and the Grad Center*

## **Peer Support Network | General Body Meeting**

**March 9<sup>th</sup>, 5 PM**

We at the Peer Support Network are recruiting volunteers! If interested in mentoring your peers, offering them support through challenging times, and increasing a sense of connectivity within BGS, then consider joining PSN!

As a volunteer, you can act as a one-on-one peer-mentor or work to develop a feeling of community within BGS by leading group discussions. Volunteers will have the opportunity to complete CAPS I CARE training in order to develop their active listening and mentoring skills.

Sign up to become a volunteer [here!](#) And to learn more about PSN, attend our General Body Meeting this **Tuesday, March 9<sup>th</sup>**, at **5:00PM** (<https://bluejeans.com/3984200643>).
