"Why Do We Eat Foods That We Know Are Bad For Us?"

Thursday, February 22, 2024

12:00 – 1:00 PM EST

901 Biomedical Research Building

Lunch is provided, all are invited.

901 Biomedical Research Building or <https://penncmedicine.zoom.us/j/92047751580>

The talk will focus on understanding why we overeat unhealthy foods. The speaker will present recent data that unravels gut-brain circuits for reward, demonstrating separate "fat" and "sugar" craving pathways that may explain the obesity epidemic.
