MD-MPH Program at Penn

REQUIRED COURSES:

- 9 CU of required core course units
- 5 CU of electives

BUT, we transfer in two credits from MD curriculum -- MOD 320 and Doctoring

In the end... TOTAL of 12 CU

Also need 125 hours of (non-clinical) fieldwork!

How to pay for your MD-MPH?

Scholarship funds available from the MPH Program

- Penn MPH program is “per CU” (not “flat rate”)
- MPH program will for 9 CU – i.e. 75% of tuition*!
 - *(though not fees)
- Can you get the other 3 CU covered?
 - Could use three “frees” from med school (“flat rate”) tuition years to offset tuition – i.e. PSOM Additional Course Policy

Single application for program & scholarship

Application due during spring MS3

What does this look like?

MS1 fall: take 1 MPH course (1/3 frees)

MS1 spring: take 1 MPH course (1/3 frees)
