How to Access and Add the Ask Isaac Web Form on Your iOS Mobile Device

On your mobile device, go to the following link to view the Ask Isaac Web Form: https://askisaac.pennmedicine.org/

To add a shortcut icon for the Ask Isaac Web Form on your home screen:
   1. Open the web form in Safari
   2. Select the share arrow located at the bottom of the page
3. Due to the various versions of iOS, you will find the *Add to Home Screen* button on your screen or you will have to scroll down to select. See screenshots below:

![Add to Home Screen button](image1)

4. Select Add

![Select Add](image2)

5. The shortcut icon is now added to your Home Screen
