DDVP is a great program for cross pollination of ideas and to initiate and advance collaborations within Penn, which is essential to solve complex medical challenges.

HENRY DANIELL, PHD
SCHOOL OF DENTAL MEDICINE

I am so grateful to have been given the opportunity to share current and planned research with colleagues in the School of Medicine. I am hopeful that it will lead to growing continued collaborations.

NANCY A. HODGSON, PHD, RN, FAAN
SCHOOL OF NURSING

I enjoyed every aspect of the visit, including the talk and the interactions with faculty. I already had a number of interactions happen since the visit and another meeting before the visit. So, this really works.

CHRISTIAN TERWIESCH, PHD
WHARTON SCHOOL

DDVP was a great experience! It lowered the barrier for interactions with faculty. I made some very good connections.

ELENI KATIFORI, PHD
SCHOOL OF ARTS AND SCIENCES

I find this program to be quite unique and has great potential for promoting collaboration between Penn Medicine and Penn Engineering (as well as other schools). I am looking forward to following up on possible collaborative projects that were discussed.

INSUP LEE, PHD
SCHOOL OF ENGINEERING AND APPLIED SCIENCES

I thought it was a great experience! Definitely got to speak to a few folks that I didn’t otherwise know. I’m really grateful for the opportunity.

ANDREW VAUGHAN, PHD
SCHOOL OF VETERINARY MEDICINE
