

PENN
CENTER for
MUSCULOSKELETAL
DISORDERS

The Penn Center for Musculoskeletal Disorders is excited to announce a ½ day research opportunity on **March 27, 2025**. Not only will you get to explore the Orthopedic Department and their research on muscles and bones, but visit and network with researchers in the department.

The event is called **Learning on a Limb**, the details are below:

- Thursday March 27, 2025 from 12pm - 5pm. (This is a half day for students in the Philadelphia Public School District.)
- It is on Penn campus and we will send a meeting place closer to the event.
- **Space is limited and on a 1st come, 1st served basis.**
- To register [click here](#) by Wednesday March 19, 2025

Lunch provided and much more....
