INTRODUCTION

WELCOME!

As the nation’s first medical school and home to the first teaching hospital, the Perelman School of Medicine has a long tradition of academic excellence and scientific discovery. Building on this tradition, our innovative, interdisciplinary research programs continue today to pave the way for a future of new paradigms in cutting-edge science. As an internationally renowned community of scientists and physicians, we are dedicated to both advancing knowledge and fostering a culture of excellence in training the next generation of scientific leaders. Our faculty are at the forefront of the biomedical revolution, and we are committed to sustaining a vibrant intellectual environment, with the ultimate goal of translating ground-breaking discoveries into medical therapies that will eradicate disease and improve health care around the world.

I hope you will find this resource guide helpful, and please do not hesitate to contact me or any one of the offices and/or individuals listed on pages 27 and 28 with any questions. I wish you a happy and successful career at Penn Medicine, and thank you in advance for the contributions you will make to enriching our scientific community.

My very best,

Jonathan A. Epstein, MD
William Wikoff Smith Professor
Chief Scientific Officer and Executive Vice Dean
Penn Medicine
6th Floor South Pavilion
3400 Civic Center Blvd.
Philadelphia, PA 19104

PENN MEDICINE by the NUMBERS*

PENN MEDICINE is...

The Raymond and Ruth Perelman School of Medicine and the University of Pennsylvania Health System

**RESEARCH & EDUCATION**

- Total Sponsored Research: $813.9 million
- NIH Awards: $425 million
- PA State Research Funding: $5.3 million
- Licensing Revenue: $69.4 million
- New Patents Awarded: 76
- Full-Time Faculty (includes CHOP): 2,624
- MD Students: 766
- PhD Students: 671
- MD/PhD Students: 190
- Residents & Fellows (HIP, PPMC, PAH): 1,344
- Postdoctoral Fellows: 728

**PHILANTHROPY**

- Gifts: $219 million
- Donors: 24,023
- Alumni giving Participation: 26.25%

**COLLABORATIVE RESEARCH**

**BY THE NUMBERS**

- 1,600+ students & postdocs
- 6,500+ faculty & staff
- 28 basic & clinical departments
- 25 free-standing interdisciplinary centers & institutes
- 22 biomedical research service cores, from bioinformatics to next generation sequencing

*The Perelman School of Medicine has been ranked among the top ten medical schools in the country by U.S. News & World Report for more than 20 years.

**PERELMAN SCHOOL OF MEDICINE**

**ENROLLMENT**

- 766 medical students
- 190 MD/PhD students

## A GROWING FOOTPRINT

### CLINICAL FACILITIES

Penn Medicine includes six acute-care hospitals and hundreds of outpatient locations throughout the region, as well as educational facilities at the Perelman School of Medicine.

**THE HOSPITAL OF THE UNIVERSITY OF PENNSYLVANIA**

is Penn Medicine’s largest hospital. HUP is a busy inpatient hub for cancer, neurosciences, cardiac care, and many other specialties. It is also the oldest university-owned teaching hospital in the country.

**PENN PRESBYTERIAN MEDICAL CENTER**

is a renowned center for cardiac care and ophthalmology. Its campus includes the Musculoskeletal Center’s outpatient facility at Penn Medicine University City and the Pavilion for Advanced Care, home to Penn Medicine’s Level 1 Regional Resource Trauma Center.

**PENN MEDICINE PRINCETON HEALTH**

joined Penn Medicine in 2018 and is among the most comprehensive healthcare systems in New Jersey, including facilities offering acute-care hospital services, behavioral healthcare, ambulatory surgery, and wellness services.

**PENNSYLVANIA HOSPITAL**

is the nation’s first hospital, founded by Benjamin Franklin in 1751. Today its outstanding clinical programs include the Spine Center, the Center for Transfusion-Free Medicine, orthopaedics, maternity and newborn services, and behavioral health. The campus includes Pennsylvania Hospital Washington Square, the hospital’s outpatient facility.

**CHESTER COUNTY HOSPITAL**

is a hospital campus in West Chester, specializing in heart and vascular care, cancer, and orthopaedics, with satellite locations in Exton, West Goshen, New Garden, Jennersville, Kennett Square, and West Grove.

**LANCASTER GENERAL HEALTH**

includes the Lancaster General Hospital, the Women & Babies Hospital, and a network of more than 60 outpatient facilities and physician practices in Lancaster, Chester, and Lebanon counties.

*The following figures were reported for 2019.*
**Main Contacts:**
- Stuart Isaacs, MD, Associate Dean for Animal Research (ADAR), isaacs@pennmedicine.upenn.edu
- Derrick Dow, Associate Director for Vivarium Facilities and Planning, dadow@upenn.edu
- Yale Cohen, PhD, Chair, Institutional Animal Care and Use Committee (IACUC), ycohen@pennmedicine.upenn.edu
- Greg Reinhard, Director of the Office of Animal Welfare (OAW), reingr@upenn.edu

**ULAR Website:** http://www.upenn.edu/research/offices/reporting_offices/ular

**IACUC Website:** http://www.upenn.edu/regulatoryaffairs/

**ADAR:** In close partnership with the University Laboratory Animal Resources (ULAR), the Associate Dean for Animal Research provides guidance on animal research and resources at the PSOM.

**IACUC/OAW:** To assure safety, maintenance, care and use of vertebrate animals and to comply with federal, state, and local laws, prior to initiation, all course work and research projects involving vertebrate animals must be reviewed and approved by the IACUC. Contact the IACUC/OAW with any protocol questions.

**ULAR** provides veterinary care, animal husbandry, procurement of animals and regulatory support for biomedical research at Penn. ULAR is comprised of veterinarians, veterinary technicians, animal care technicians, facility managers, diagnostic technicians and trainers and totals more than 160 personnel that contribute directly to the animal care program.

### CONTACT ULAR FOR HELP WITH:
- Purchasing, importing and exporting animals
- Questions regarding regulatory requirements for the care and use of animals
- Accessing animal facilities
- Husbandry and animal space questions
- Animal health information

CHIEF SCIENTIFIC OFFICER

• Main Contacts:
  • Jonathan A. Epstein, MD, Executive Vice Dean and Chief Scientific Officer, psom-evdcso@pennmedicine.upenn.edu
  • Dorothy Leung, Senior Executive Director for the EVD/CSO, dorothyl@pennmedicine.upenn.edu
  • Susan R. Passante, Senior Executive Director, Research and Research Training, passante@pennmedicine.upenn.edu

• Website: http://www.med.upenn.edu/evdresearch/
The Office of the Executive Vice Dean and Chief Scientific Officer supports the research and research training missions of the Perelman School of Medicine (PSOM) at the University of Pennsylvania. In this regard, the office seeks to promote excellence in research and research education, and to support PSOM faculty in the creation and dissemination of new knowledge and development of new therapies. The Executive Vice Dean has operational, planning, and financial responsibility for the academic components of all research and research training activities within the School of Medicine.

CONTACT THE EVD/CSO OFFICE FOR HELP WITH:

• Conflict of Interest
• Letters of Support
• Misconduct in Science
• Multidisciplinary Proposal Development Support
• Space Allocations
• Strategic Recruitment
• Visiting Scholars

Offices reporting to the Executive Vice Dean and Chief Scientific Officer include: Biomedical Graduate Studies, Biomedical Postdoctoral Programs, Combined Degree and Physician Scholar Programs, Office of Masters Programs, and Office of Clinical Research.

Standing PSOM Research Committees include:
  • Animal Research Committee (SOMARC)
  • Conflict of Interest Faculty Advisory Committee (COI-FAC)
  • Limited Applications Committee
  • Research Core Facilities Committee
  • Space Committee
  • Strategic Research Initiatives Committee
The **Office of Clinical Research (OCR)** is a central office in the Perelman School of Medicine designed to support the management and conduct of clinical research while promoting compliance. This is accomplished through standardizing the approach to clinical research across the various research centers and departments in the Perelman School of Medicine, and supporting investigative teams through regulatory and operational assistance, and enhancements in study management and oversight.

The Office of Clinical Research seeks to promote human research for the advancement of healthcare while ensuring the highest level of research participant safety and facilitating the highest quality research by:

- Realizing the best research standards through adherence to university and government research policies and regulations;
- Supporting investigators and research teams through process improvement, innovative technologies, and education and training initiatives;
- Propagating best operational practices to maximize the efficiencies of research activities;
- Collaborating with University organizations involved with human research.

**CONTACT OCR FOR HELP WITH:**

- Study preparation
- Protocol design/review
- Informed consent
- HIPAA authorization
- Recruitment plan and guidelines
- Penn IRB review and submission
- Research involving human tissue banks
- FDA regulated drug and device research
- General guidelines of study management
- Research finances, contracts and billing
- Regulatory binder content and organization
- Data management
- Data and safety monitoring
- Consenting, screening and enrollment
- Research visits and subject management
- Study closeout
- Intellectual property
The **Penn Center for Innovation (PCI)** helps to translate Penn discoveries and ideas into new products and businesses for the benefit of society. It does this by facilitating technology development connections between Penn and the private sector. Whether the end result is a technology license, an R&D alliance, the formation of a new venture or an integrated combination of any or all of these activities, PCI serves as a dedicated one-stop shop for commercial partnering with Penn.

**CONTACT PCI FOR HELP WITH:**

- Technology disclosures
- Assessment (recommendations on IP protection strategy and assesses the invention’s commercial value)
- Intellectual property
- Corporate contracts and agreements*
- Commercialization strategy
- Corporate partnerships

* For consulting arrangements and conflict of interest matters that arise within the School of Medicine, please contact Kelly Curran, Esq., Compliance Attorney, 215.573.6102, curranks@upenn.edu. Ms. Curran is the PSOM Compliance Attorney, as well as an Associate General Counsel of the University of Pennsylvania.
The **Office of Decision Support and Analysis** provides support on faculty compensation, including development and management of policies, practices, systems and processes; data analyses on areas such as sponsored program activity (Proposals and Awards) and Research Space Utilization (RSU); and management of other School wide projects.

**CONTACT DECISION SUPPORT AND ANALYSIS FOR HELP WITH:**

- Faculty Compensation Data and Systems: compensation information for School’s faculty and annual faculty salary increase and survey process; faculty compensation analysis

- Decision Supportal (decision.med): This system provides online access to School reports to senior School leadership and administration (including chairs)

- Faculty Analytics dashboard: This dashboard provides leadership with summary data related to all activities of PSOM full-time faculty. The Office serves as content expert

- Non-Financial Data Analysis, including analysis of:
  - Sponsored program activity (Proposals and Awards)
  - Faculty salaries – equity analyses, market scattergrams, productivity charts
  - Space and Research Space Utilization
  - Other areas as requested

- Support for School Academic Planning Processes: This comprises support for the school academic planning process including data and analysis for:
  - Department Review Resource Documents
  - Chair Recruitment Information Packages

- Mission continuity – Project leader, School of Medicine

- Manage external and internal requests for School wide data and survey responses (ex. AAMC, US News)

- Liaison to University offices for data warehouses and processes (payroll, space, PennERA)
EDUCATION

The Perelman School of Medicine is recognized worldwide for its superior education programs and tradition of excellence in training the next generation of leaders in science and medicine. Our medical school is not only the nation’s oldest but one of its best, with a top five ranking from the US News and World Report. Our research and training programs encompass all basic science and clinical disciplines and, collectively, these contribute to a rich and vibrant intellectual environment that generates wide-ranging innovation and advancement in medical care.

MEDICAL EDUCATION

Main Contacts
• Undergraduate Medical Education, http://www.med.upenn.edu/admissions/

  • Rachel McGarrigle, MSED, Director, rmcg@upenn.edu
• Biomedical Postdoctoral Programs, http://www.med.upenn.edu/postdoc/
  • Maja Bucan, PhD, Associate Dean of Postdoctoral Research Training, bucan@pobox.upenn.edu
  • Mary Anne Timmins, Director of Administration, timmins@pennmedicine.upenn.edu
• Other Educational Programs, http://www.med.upenn.edu/othered.shtml
The Office of Space Planning and Operations (SPO) provides oversight of the Perelman School of Medicine’s physical resources and support services, to enable and enhance our academic research and patient care mission. Area of responsibility includes all School “main campus” facilities, SCTR, JMEC, SPE8/9, and all leased sites including TRL and 3535 Market Street.

CONTACT SPO FOR HELP WITH:

**Space Planning and Capital Projects – Maureen Ward, AIA, 215.898.0705**
- Space Inventory, Programming and Planning
- Capital Project Initiation and Management
- Furniture Layout and Specification
- Lease Space Procurement and Management

**Building Operations – Susan Fry, 215.573.6786**
- Maintenance or Housekeeping Concerns
- Signage
- Internal Moves
- Works Requests for Minor Alterations and Equipment Installation

**Support Services – Martha Penny, 215.573.8851**
- Mail and Distribution Services
- Biowaste Collection and Disposal
- Alcohol Service Center
- SCTR Glasswash and CO2 Services

**Scheduling and Events Services – Lori M. Freda, 215.898.8121**
- Scheduling of PSOM Shared Meeting Resources
- Academic Scheduling
- Event Coordination and Set-Up
- Catering Specifications

**Media Technology and Production – Charles Bears, 215.573.8848**
- Audio/Visual and Classroom Technology Services
- Live Streaming, Lecture Capture and Video Conferencing
- AV Technology Specification and Installation Management
- Video/Media Production and Studio Broadcasting Service
Faculty Affairs and Professional Development (FAPD) works with the leadership, faculty and administrators of the Perelman School of Medicine and the Health System to support an overarching goal of PENN Medicine - the implementation of the highest standards of excellence in academic medicine. The mission of FAPD is to support this goal by facilitating the recruitment and appointment, promotion, and retention of distinguished faculty.

Please see page 31 for additional resources available through FAPD.

CONTACT FAPD FOR HELP WITH:

All resources accessible on http://www.med.upenn.edu/fapd/

Recruitment process

• Request to Recruit online application for recruitment of tenure, clinician-educator, research track faculty; full-time academic support staff; Penn Medicine Clinicians
• Offer letter and compensation statement templates
• Faculty search policies and processes – Karen Grasse – 215-898-7167
  • Search committee resources
  • Faculty Opportunity Fund and Dual Career Program
  • Diversity Search Advisors and related diversity initiatives in collaboration with the Office of Inclusion and Diversity

Faculty appointments, reappointments, promotions, and other faculty actions

• Faculty track descriptions
• Guidelines for PSOM Committee on Appointments and Promotions (COAP)
• Departmental COAP guidelines
• Faculty dossier checklists
• Penn’s Handbook for Faculty and Academic Administrators

Faculty professional development – Stephanie Taitano – 215-898-7160

• Advance institutional mentoring program: teaching excellence, career development and achievement, leadership and management, research and scholarship, technologies
The **Division of Finance** provides leadership for the fiscal stewardship of resources that support the patient care, education and research missions of the Raymond and Ruth Perelman School of Medicine while reporting on financial data and providing analyses to senior leadership and the Trustees of the University of Pennsylvania.

**CONTACT FINANCE FOR HELP WITH:**

**Financial Planning and Analysis – Paul Umbriac – 215.573.1296**
- Fall Planning Process
- Annual Budgeting Process
- Financial Reporting
- Financial Analysis
- Financial Modeling
- Capital projects, equipment, rents and leases

**Controller’s Office – Mary Correll – 215.898.6402**
- Central Finance function for the school.
- Payroll
- Commitments
- Travel /Concur Support
- Systems Support & Training
- Gifts and Endowments Funds
- Procurement/Purchasing Support
- Asset Management

**Other Areas**
- Audit Coordination (Internal & External)
- Financial aspects of large initiatives and projects
- Liaison role to Central Penn, CPUP and UPHS on financial issues and fund transfers
- Surveys for AAMC, AAHC and PSOM data for all external requests
• **Main Contacts:**
  - Glen N. Gaulton, PhD/Vice Dean and Director, Center for Global Health
gaulton@pennmedicine.upenn.edu
  - Megan Doherty, MPH, Administrative Director, megand@pennmedicine.upenn.edu
• **Website:** [http://www.med.upenn.edu/globalhealth/](http://www.med.upenn.edu/globalhealth/)

The **Center for Global Health** coordinates the global activities of the Perelman School of Medicine, and supports the international aspects of our research, educational, and service programs. Activities include: (i) placement of PSOM trainees in international research and clinical rotations, and hosting of international medical students at Penn; (ii) facilitation of international research initiatives and sponsored programs undertaken by faculty of the School of Medicine; (iii) coordination of global activities with other schools of the University, and the Office of the Provost; (iv) provision of information for faculty, students, and administration; and (vi) representation of the School of Medicine in interactions with international institutions.

**Contact the CGH Office for Help With:**

- Information regarding PSOM’s global education, research and clinical programs
- Facilitation of international research and training collaborations
- Placement of PSOM trainees and hosting of international trainees
The Office of Research Support Services (ORSS) was established in February 2000 to promote the research endeavors of the School of Medicine Faculty and serves as the designated office to provide dean’s approval on all extramural grant applications as well as institutional level approval for many applications when faculty collaborate with other universities. Through ORSS’s partnership and MOU with the University’s Office of Research Services (ORS), ORSS has access to otherwise restricted university systems which allows ORSS to manage and conduct certain activities for PSOM’s grant portfolio.

**CONTACT ORSS FOR HELP WITH:**

- Providing assistance in developing and submissions of proposals to outside funding agencies
- Providing oversight management of sponsored programs including data analysis on accounts receivables, awards and expenditures
- Ensuring compliance with school, sponsor and university expectations for managing sponsored program funds
- Serving as a resource for the School of Medicine regarding sponsor policies and federal regulations
- Providing training in pre and post award grants management; proposal preparation, post award management, grants management reports, and policies and procedures
- Providing staff resources for departments going through staff turnover or staff absences
The Human Resources Shared Services Team in the Perelman School of Medicine is a satellite office of the University of Pennsylvania’s Division of Human Resources.

The Team is composed of five University staff members who provide assistance in all areas of Human Resources. In addition, the team members have special areas of expertise which are indicated here: https://www.hr.upenn.edu/contact.

CONTACT HR FOR HELP WITH:

U@Penn
U@Penn (https://portal.apps.upenn.edu/penn_portal/u@penn.php) is the main portal for faculty and staff at Penn. Access the U@Penn site to:
- Change your home contact information
- View pay advices
- View, enroll and change your benefits
- Monitor pre-tax expense account claims
- View important University announcements
- Get information on Penn resources
- Obtain Payroll, Human Resources, and Tax form

STAFF COMPENSATION
FY18 Perelman School of Medicine Reclassification and Salary Adjustment Guidelines can be found here: http://www.med.upenn.edu/hr/compensation.shtml

STAFF RECRUITMENT
http://www.med.upenn.edu/hr/recruitment.shtml

Additional Information on Staff Relations, Benefits (including medical coverage and savings plans), Recruitments, and Retirement can be found on the main website:
http://www.med.upenn.edu/hr/index.shtml
To strengthen the quality of education, and to produce innovative research and models of healthcare delivery by fostering a vibrant inclusive environment and fully embracing diversity, the Office of Inclusion and Diversity strives to 1) recruit the best talent; 2) retain and ensure the success of a diverse community of faculty, staff, and students; and 3) reaffirm the benefits of inclusion and diversity.

CONTACT OID FOR HELP WITH:

• Increasing student and faculty satisfaction
• Increasing women and diverse faculty compared to 3 year rolling averages
• Enhancing the infrastructure to support the submission of K and R awards among fellows and junior faculty
• Establishing the benefit of return on investment of mentoring and intensive support of specific faculty to achieve their academic goals
• Reviewing the recruitment and appointment process for faculty and determine strategies to streamline
• Enhancing transparency while maintaining confidentiality with regards to key metrics such as space and rates of promotion
• Researching the benefits of a structured vs unstructured approach for Diversity Search Advisor (DSA) engagement
• Developing a database of potential faculty candidates
• Establishing and maintaining an Office of Inclusion and Diversity website listing programs, special interest groups, and community programs
• Developing and implementing a cadre of leadership programs, emphasizing inclusion
The Penn Medicine Academic Computing Services (PMACS) organization is a centralized IT service provider to the PSOM. The PMACS team now consists of 100 information technology professionals providing services such as desktop support, server administration, storage management, high performance computing, software development, data base development, vendor application deployment/support and staff leadership.

PMACS is part of Penn Medicine's Corporate Information Services. As part of the larger department, it can also bring to bear other services such as data analytics, clinical systems and data stores, etc.

**CONTACT PMACS FOR HELP WITH:**

- Customer support
  - Device support
  - Email and listserv administration and support
  - Network support
  - Server support
- Enterprise applications such as:
  - Laboratory Information Management Systems (LIMS)
  - Remote Data Capture (REDCap)
  - VELOS (Clinical Research Management Suite)
  - High Performance Computing (HPC)
- Application development
- Research solutions
- Web design and hosting
- Consulting
- Security
- Training
THE OFFICE OF ORGANIZATION EFFECTIVENESS PROVIDES TRAINING, DEVELOPMENT, AND CONSULTING RESOURCES TO HELP PERELMAN SCHOOL OF MEDICINE FACULTY, STAFF AND THEIR ORGANIZATIONS WORK AT THEIR FULLEST POTENTIAL.

- **Main Contact**: Charles Haughton, Director, haughton@upenn.edu; 215.898.1968
- **Website**: http://www.med.upenn.edu/oe/

CONTACT ORGANIZATIONAL EFFECTIVENESS FOR HELP WITH:

- **INTERVIEWING & SELECTION**: Tools and training to improve your hiring effectiveness
- **ORIENTATION**: Provide new hires the information they need to get up to speed quickly
- **TRAINING & DEVELOPMENT**: Programs to support job effectiveness and career growth through skill development
- **ENGAGEMENT & RETENTION**: Tools and strategies to cultivate the energy and commitment of your faculty and staff
- **CONSULTING**: Advice on restructuring, team effectiveness, succession planning and other challenging organizational issues
RESEARCH CORE FACILITIES

- **Main Contact:** Lou Soslowsky, PhD, Associate Dean for Research Integration, soslowsk@upenn.edu
- **Website:** http://www.med.upenn.edu/cores/

Twenty three research cores offer a wide variety of services, ranging from molecular profiling to cell sorting to high resolution electron microscopy. Through these diverse resources, we provide access to state-of-the-art equipment and instrumentation, technical expertise and training and education all designed to support innovative, cutting-edge research.

The PSOM Research Core Facilities Committee, chaired by Dr. Soslowsky, provides oversight for the School’s core facilities and is an advisory committee to the Chief Scientific Officer.

The **Office of Safety and Security/Parking and Transportation** oversees the security of the Perelman School of Medicine buildings and grounds, including physical security, closed circuit video surveillance, controlled access and a 24/7 Security Operations Center. Area of responsibility include all School “main campus” facilities, SCTR, JMEC, SPE8/9, and TRL. This office also serves as a liaison for University parking solutions to the PSOM community and operates the TRL Shuttle.

**CONTACT SECURITY FOR HELP WITH:**

- PSOM Security Operations Center
- HUP Security
- PCAM Security
Environmental Health and Radiation Safety (EHRS)
http://www.ehrs.upenn.edu/

The University of Pennsylvania's Office of Environmental Health and Radiation Safety (EHRS) promotes health, safety and environmental protection in teaching, research, health care and administrative activities by providing services, advice and compliance assistance. EHRS provides leadership in developing, implementing and supporting high quality programs that allows students, faculty and staff to protect themselves from hazards they may encounter at the University. EHRS provides the expertise needed to direct efforts towards compliance with health and safety laws and regulations.

Institutional Review Board (IRB)
Tracy Ziolek, Director Human Research Protection, 215.746.6272; http://www.upenn.edu/regulatoryaffairs

The mission of the IRB is to promote the rights and welfare of human research participants, to facilitate excellence in human research by providing timely and high quality review of human research, and to provide professional guidance and support to the research community.

Office of Research Services
Elizabeth Peloso, Associate Vice President/Associate Vice Provost, 215.746.0234; http://www.upenn.edu/researchservices/

ORS provides administrative support to faculty and departmental managers for sponsored project activities. ORS is responsible for proposal submission and agreement negotiation for federal sponsors and non-profit sponsors. ORS is responsible for many post-award activities, regardless of sponsor.

Penn Center for Innovation (PCI)
John Swartley, Associate Vice Provost, 215.573.4511; http://www.pci.upenn.edu/

The Penn Center for Innovation (PCI) helps to translate Penn discoveries and ideas into new products and businesses for the benefit of society. It does this by facilitating technology development connections between Penn and the private sector. Whether the end result is a technology license, an R&D alliance, the formation of a new venture or an integrated combination of any or all of these activities, PCI serves as a dedicated one-stop shop for commercial partnering with Penn.
University Laboratory Animal Research (ULAR)
Diane Gaertner, Director 215.898.2433; https://www.ular.upenn.edu/

University Laboratory Animal Resources (ULAR) is responsible for the procurement, care, and use of all University-owned animals used for teaching, research, and testing as approved by the Institutional Animal Care and Use Committee (IACUC) and as mandated by federal law and regulations. As an organization of specialists in a university, ULAR has additional responsibilities in the academic areas of teaching and research. In the conduct of its duties, ULAR is responsible to the Vice-Provost for Research, who is designated to the United States Department of Agriculture and the Public Health Service as the "Institutional Official." The Director of ULAR serves as the "Attending Veterinarian" for Penn's research and teaching animals. ULAR Veterinarians participate in the Institutional Care and Use Committee to ensure animal welfare and to oversee the use of animals in research and teaching.

Vice Provost for Research
Dawn Bonnell, PhD, Vice Provost for Research, 215.898.7236; http://www.upenn.edu/research/

The Vice Provost for Research is an advisor to the Provost and has oversight of the University's vast research enterprise, encompassing a broad spectrum of research support services, regulatory bodies, multi-disciplinary campus-wide Centers and Institutes, and partnerships to further develop investigator inventions. OVPR collaborates with Penn constituents and external partners to promote meaningful scholarship, uphold research integrity, and foster new discoveries, thereby helping to fulfill the University’s education and research mission as embodied by the Penn Compact.
Predominantly Wet Bench Research Space:
- Biomedical Research Building II/III (BRB)
- Clinical Research Building (CRB)
- John Morgan Building (JMB)
- Johnson Pavilion
- Smilow Center for Translation Research (SCTR)
- Stellar Chance
- Stemmler Hall

Predominantly Dry Research and Administrative Space:
- Anatomy Chemistry
- Blockley Hall
- Richards Building
