Call for Papers

The 15th International Meeting on Fully Three-Dimensional Image Reconstruction in Radiology and Nuclear Medicine will be held June 2-6, 2019 at the University of Pennsylvania, Philadelphia, PA, USA.

Topics

- CT Imaging
- PET Imaging
- SPECT Imaging
- Reconstruction Techniques
- Hardware-based Image Reconstruction Acceleration Techniques
- Image Reconstruction for Novel Geometries
- Applications in Security and Industrial Imaging
- Emerging Imaging Techniques
- Other Modalities
- Machine Learning and Deep learning, as applied to imaging

Important Dates

- Abstract deadline: January 14, 2019
- Acceptance notification: March 1, 2019
- Last day for early registration: April 1, 2019
