

# Penn Radiology Global Health Imaging Case Competition

Case  
Competition  
Focus: Latin  
America & the  
Caribbean

Saturday, April 20th,  
2024 @ 9am EST

The Global Health Imaging Case Report Competition is a collaboration between the Departments of Radiology at Penn Medicine and Children's Hospital of Philadelphia (CHOP), along with the Perelman School of Medicine Center for Global Health. It was designed for medical trainees in low- and middle-income countries to present cases unique to their region. The free virtual webinar event features presentations by the finalists and a keynote speaker.

**Abstracts Due March 31st @ 9am EST**

## Why Participate?

This event provides a platform for networking, professional advancements, and learning while having, and potentially winning prize money.
