Dr. Georges Azzie
Pediatric Surgeon at the Hospital for Sick Children at the University of Toronto

Dr. Fitzgerald works to increase surgical care access for children in low- and middle-income countries. She focuses on capacity building: working with local surgeons to increase numbers of surgical providers, improve quality, and increase surgical support services such as intensive care and anesthesia services.

Dr. Azzie is interested in international surgery, having worked extensively in Africa, the Middle East, and Asia. His current focus is on establishing contextualized training programs for surgeons in low- and middle-income countries.
