Course Information

Date	Course	Location	Weeks	Credits
01/01/2006 - 01/31/2006	XXX-YYY: Department Course	Location	8	8

Evaluation Period: 01/01/2006 - 01/31/2006

As required by the ACGME, the institution must monitor compliance with duty hour regulations. Data will be reviewed by your Department and the GME Committee.

The following address ACGME requirements regarding duty hours. Read each question carefully and give your honest evaluation. Answer each question in this survey about your experiences over the previous rotation.

When answering the following questions, averaging occurs BY ROTATION. This is done over one of the following: a four-week period; a one-month period (28-31 days); or the period of the rotation if it is shorter than four weeks. When rotations are shorter than four weeks in length, averaging must be made over these shorter assignments.
