

THE PENN VECTOR CORE OFFERS ON-LINE ORDERING

There are now two ways to order custom and inventory vectors through the Penn Vector Core: (1) complete an inventory or custom vector request form available as a downloadable PDF from our Perelman School of Medicine (SOM) website and email the complete form to us at vector@mail.med.upenn.edu or (2) order on-line using our new electronic ordering site at the address below.

For laboratories that have ordered materials or services through our Core, an account has already been created. To retrieve your account information, simply click on "Retrieve Account Details" on the left hand side bar of the Home page.

If your email address is associated with an existing account, you will receive an email with instructions for retrieval of your account details.

If your email address is not associated with an existing account - or - if your laboratory has not placed orders through our Core, please contact us at vector@mail.med.upenn.edu or 215-573-0633 and provide the following: PI Name and Email Address, Requestor Name and Email Address, and Institution.

Once your account is established, you will receive an email with instructions for retrieval and updating of your account details.

Please do not hesitate to let us know if you have any questions and we look forward to being of service!
