The ones who are crazy enough to think they can change the world, are the ones who do.

STEVE JOBS
NOW HIRING

SUMMER PROGRAM COORDINATORS

The Provost’s Summer Mentorship Program (SMP)* is an innovative four-week experience that aims to inspire Philadelphia public high school students from underserved and underrepresented backgrounds to view higher education as an achievable and worthwhile goal.

PSOM’s SMP team will consist of an MS3/CDYO/MS4, an MS1, and a Penn undergraduate. You will work closely with 10-12 rising 10th graders. Coordinators receive $2000 at the end of the summer for their work.

The team of coordinators will create programming for the high school students. SMP takes place during the month of July, from 9 am to 4 pm, Monday-Friday. Planning work begins in May.
