

MINS

Digital Art Contest

MINS has extended the deadline for the Art Contest. The new deadline for submissions is now **May 20, 2014**.

The Mahoney Institute for Neurosciences (MINS) is holding a Digital Art Contest. We hope for the contest to be fun, inviting, and inclusive, as everyone in the greater UPenn community is encouraged to submit an entry. Contestants are asked to create a digital image with a neuroscience theme for potential display in and around the Neuroscience Offices in the Clinical Research Building (CRB). Prizes will be awarded: three \$1000 first place winners, four \$500 second place winners, five \$100 third place winners, and \$50 honorable mention winners.

To enter go to: <http://www.med.upenn.edu/ins>
