

RESEARCH SCHOLARSHIP OPPORTUNITIES

Dr. Kenneth F. Swaiman Medical Student Scholarship

To honor the legacy of Dr. Swaiman and his contribution to child neurology, CNF offers the Dr. Kenneth F. Swaiman Medical Student Scholarship. Administered annually, the \$6,000 summer research scholarship will be given to each of three (3) U.S. or Canadian medical students who have an interest in exploring a career in child neurology. Travel expenses up to \$1,500 will be provided to attend the annual Child Neurology Society meeting.

The award will be open to second or third-year medical students for a basic or clinical research project in child neurology conducted under the direction of a child neurologist.

CNF Neurodevelopmental Disabilities (NDD) Summer Research Scholarship

CNF announces the availability of (1) one summer clinical research scholarship for a first or second-year U.S. or Canadian medical student interested in training in neurodevelopmental disabilities or child neurology.

The award will be made for clinical research focused in the field of neurodevelopmental disabilities in children or young adults.

The selected applicant will receive a \$3,500 scholarship to support the research project. Applications will be evaluated in the following areas: Importance to neurodevelopmental disabilities, originality of hypotheses, the merit of the proposed approach, and the project supporting medical student development.

Since 2001, we have awarded over \$4.6 million dollars in research funding and scholarships to child neurologists, medical students and researchers who are working on treatments and cures for pediatric neurologic diseases.

Applications for both scholarships are due by Sunday, March 19, 2023.
