

Med Students SOAR Program

Medical Students Summer in Oncology at
Anderson Research: June 5-Aug. 9, 2024

Apply by Jan. 20, 2024

This NCI-funded program supports first-year medical students participating in rigorous hands-on research experience to promote broader physician participation in all aspects of cancer research.

Program:

- Hands-on investigative scientific research
- Clinical observation
- Lectures and career conversations
- Interprofessional clinical simulation
- Communication skills workshops/seminars
- End-of-program presentations of research

Eligibility:

- Must be US citizen or permanent resident
- Must have completed first year at LCME- or COCA-accredited U.S. medical school
- Must have interest in cancer research
- Must commit to full 8-10 week program

Support: Stipend and research funds provided.
