

BERKMAN SCHOLARS: SUMMER INTERNSHIP IN PALLIATIVE CARE

STARTING JUNE 2024

For rising 2nd year Medical Students with an interest in palliative care & an interest in increasing inclusivity & diversity in this field of medicine.

This program provides a structured, experiential, and career-oriented opportunity in palliative care for medical students with diverse backgrounds, perspectives, & experiences who have an interest in health equity. This program has a special interest in reaching students who have a gap in their ability to access and be exposed to palliative care education during medical school.
