

POST-SOPHOMORE FELLOWSHIP PROGRAM IN PATHOLOGY AND SCHOLARLY PURSUIT

University of Pennsylvania Medical Center
Department of Pathology & Laboratory Medicine

Cindy McGrath, MD

Professor, Academic Clinician

Director of Student Fellowship in Pathology

Student Fellowship Program in Pathology

- Unique work-study experience
- ***Experience and education is beneficial to ANY future career***
- Year long program includes rotations in Anatomic and/or Clinical Pathology in which the student fellow takes on clinical responsibilities comparable to that of a first year resident PGY-1 for 9 months, in addition to:
 - Dedicated research project of choice for 3 months with guidance and mentoring provided—typically results in national meeting presentation and publication
 - Fellowship is tailored to the individual's interests with appropriate rotations and electives
- *Fulfills Scholarly Pursuit Requirement*
- Stipend: \$27,000 + Student Fees + Insurance (apply towards following year's tuition or as a monthly stipend)
- Application (Sept thru Jan preferred for upcoming start June/July), CV, references, interview (2 positions)
- cindy.mcgrath@uphs.upenn.edu
- Recent student fellows: Joseph Kim, Mike Baer, Esther Baranov, Clayton Marcinak

Diagnostics

Student Fellowship Program in Pathology

"It's a great experience; both for people who are interested in pathology and people who just want to expand their horizons"

"Worth every minute" "Phenomenal"

"The educational value is immense"

"Incredible opportunity"

"It's hard but rewarding work, and the learning curve is incredibly steep"

"I learned more than I ever dreamed !"

"Exposure to both AP and CP, and that nectar of the gods, the responsibility entrusted to a first year resident!"

"More valuable than I ever imagined"
