PENN MEDICINE HOME HEALTH

CONTINUING YOUR CARE
in the comfort and convenience
of your home

You have the right to medical and nursing services without discrimination based upon age, sex, race, color, ethnicity, religion, gender, disability, ancestry, national origin, marital status, familial status, genetic information, gender identity or expression, sexual orientation, culture, language, socioeconomic status, domestic or sexual violence victim status, source of income, or source of payment.

PENN MEDICINE HOME HEALTH

"When I faced a long road to recovery, I was confident the staff at Penn Medicine Home Health would help me get well again."

PENN MEDICINE AT HOME

Penn Medicine at Home provides solutions for simple, moderate or complex home health care needs. As part of Penn Medicine, patients throughout the Penn Medicine Service Area have access to comprehensive health care resources from a world-class health care system.

Many home health agencies focus solely on one aspect of care. What distinguishes Penn Medicine at Home is that they offer the full continuum of care under one roof: Penn Medicine Home Health, Penn Home Palliative Care, Penn Medicine Hospice and Penn Home Infusion Therapy. We aim to meet patients' unique needs under one roof.

Each agency is an expert in its field and provides state-of-the-art care. As part of Penn Medicine at Home, Penn Medicine Home Health is able to offer a more comprehensive, efficient and tailored treatment program to home health care patients; even those with complex needs.

To contact Penn Medicine Home Health, call **866.459.4911** or visit **PennMedicine.org/AtHome**.

PENN MEDICINE HOME HEALTH

When patients are discharged from the hospital or recovering from an illness, it takes time for the body to heal. Penn Medicine Home Health is committed to supporting each patient's unique needs in partnership with their doctors' plan of care. This care is provided where patients want it – in the comfort of their own homes.

Services include:

- Nursing care
- Rehab therapies (physical, occupational, speech)
- Medical social service
- Certified home health aides

Specialized programs include:

- Enterostomal therapy
- Joint replacement rehabilitation
- Telehealth
- Heart failure
- Sepsis
- Multiple sclerosis
- Stroke
- Spine care

Penn Medicine Home Health receives referrals from health care providers including nurses and physicians, case managers, family members or friends. The program serves patients living across Penn Medicine's broad service area.
