

# Getting Involved in Teaching

## QUICK TIPS FOR SUCCESS

WHEN YOU ARE ASKED TO TEACH FOR THE PERELMAN SCHOOL OF MEDICINE, DETERMINE WHAT LEARNERS AND EDUCATION LEADERS EXPECT OF YOU.

1. **Ask** the person who invited you to teach, colleagues, and/or educational leaders **for contextual factors**.
  - What are the goals and objectives?
  - Who are the learners?
  - What do they already know or know how to do?
2. **Tailor** your teaching for contextual factors.
3. **Deliver** with enthusiasm for learners, teaching, and content!
