Step 1. Follow this [Link] to open the curriculum page.

Step 2. Click on "Enroll" on the top right.
Step 3. Once enrolled, you will see the “Enroll” button has changed to “Withdraw”. Additionally, a status bar will appear displaying your program completion status.
Once enrolled in the Supervisory Skills Certificate program, you will be able to see the classes you must register for in order to complete the Supervisory Skills Certificate. You will receive an email confirming your registration from KnowledgeLink when you sign up for a class.

To Register for the classes:

**Step 4.** Locate the class you would like to enroll in and select “Register Now”
Step 5. You will be directed to the registration page. You may notice some courses have workshops scheduled. Register for the date that works best for you.

PLEASE NOTE: You will only be able to register for one offering of a workshop topic at a time. You will not be able to register for multiple options of one topic. For example, if you have enrolled in the 1/16 MBTI Workshop, you will not be able to register for the 3/24 MBTI workshop as well. If you can no longer attend the 1/16 MBTI workshop and are looking to register for a later date, you must first withdraw from the 1/16 workshop before you will be able to register for the 3/24 MBTI Workshop.
