# UPDATES IN ONCOLOGY 2025

## with Proceedings from International Medical Meetings

A CME/CNE-accredited Symposium

### Post Conference Details

After the conference has concluded, all attendees will receive an email from Penn CME with instructions on how to complete the post-test, evaluation, claim credit and obtain a certificate. Look for the email the week after the conference.

If you missed the Pre-Test, you will still be eligible to obtain your certificate after you complete the Post-Test and Evaluation. A Certificate of Participation is available to attendees who are not physicians or nurses.

### Meeting Videos

Website: [PennMedicine.org/Abramson/Onc2025](https://PennMedicine.org/Abramson/Onc2025)

*\*Recordings from the meeting will be available Tuesday, June 17, 2025, through June 2026*

#### Preliminary Data References

Please note that some of the studies reported in this CE activity may have been published as abstracts only and/or presented at a conference. In these cases, the references provided in individual presentations reflect that and will be easy for you to recognize. These data and conclusions are included because expert faculty found them to be potentially important scientific contributions but should be considered preliminary until published in a peer-reviewed journal.

### Overview

This activity is designed to efficiently discuss the most recent clinical advances in oncology. The meeting will address the questions that have emerged from the latest data presented at major international annual meetings. Activity format will provide the opportunity for interaction with Penn Medicine faculty and other attendees. Participants will gain up-to-date, practical information with immediate clinical application, as well as a technical and scientific background on the current state of the field and emerging advances.

### Who Should Attend

This activity has been designed for medical, surgical, and radiation oncologists, hematologists/oncologists, hematology/oncology fellows, radiologists, thoracic surgeons, urologists, gastroenterologists, pulmonologists, dermatologists, oncology nurses, and other healthcare professionals involved in the treatment of patients with cancer.

A CME/CNE-accredited Symposium

### Learning Objectives

Upon completion of this course, participants should be able to:

- Discuss updates in geriatric oncology.
- Summarize recent advances in hematologic malignancies (leukemia, lymphoma, myeloma).
- Describe current melanoma management updates.
- Outline therapeutic advances in GU malignancies.
- Explain recent advances in breast, gastrointestinal and lung cancer management.

### Accreditation

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

### Designation of Credit

**PHYSICIANS:** Penn Medicine designates this live activity for a maximum of **3.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**NURSES:** The program awards **3.25 NCPD hours**.

**Physician Assistants:** Penn Medicine has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for **3.25 AAPA Category 1 CME credits**. PAs should only claim credit commensurate with the extent of their participation.
