

## POSTDOCTORAL FELLOWSHIP IN TENDON RESEARCH

### McKay Orthopaedic Research Laboratory University of Pennsylvania

Dr. Lou Soslowsky of the McKay Orthopaedic Research Laboratory of the University of Pennsylvania in Philadelphia seeks candidates for a **postdoctoral fellowship position in structure-function relationships, injury, repair, and regeneration of tendon and ligament.**

Applicants should have a Ph.D. in Biomedical Engineering, Mechanical Engineering, or a related field. Outstanding graduate students nearing degree completion or junior postdoctoral fellows are invited to apply. Consideration of candidates will begin immediately.

A letter briefly outlining interest, a statement of research experience, curriculum vitae, and names and contact information of three references should be sent electronically to:

Louis J. Soslowsky, Ph.D.  
Fairhill Professor of Orthop Surg/Professor of Bioengineering  
Director of Penn Center for Musculoskeletal Disorders  
[soslowsk@upenn.edu](mailto:soslowsk@upenn.edu)

The University of Pennsylvania is an equal opportunity, affirmative action employer. Women and minority candidates are strongly encouraged to apply.
