

November 2023 Newsletter

Dear PISCE Community,

As the holidays are coming fast, we are very grateful for all your support thus far this year! We look forward to finishing this year strong.

Thank you to all those who attended our Fall Fireside Chat event on November 16th with Nikki Thomas and Sara Solomon.

We have a few more events this winter with more to come in the spring! We look forward to seeing you at our talk with [Dr. Megan Clarke Roberts](#), Pre-D&I Conference Poster Practice Session, and D&I Conference Happy Hour.

Best wishes,
The PISCE Leadership Team

Announcements

We are thrilled to announce our newest partnership with the Penn Center for AIDS Research's (CFAR) new Implementation Science Core. Two of our Directors, Meghan Lane-Fall and Kate Rendle, were named core co-directors. Throughout the year we will host many co-sponsored events and meetings to attend!

Please reach out to [Day Prescott-Moore](#) if you are interested in joining CFAR IS Core's List Serv.

For more information on the CFAR IS Core

PISCE Upcoming Events

Lecture: Achieving the Promise of Precision Prevention through Implementation Science *with Megan Clarke Roberts, PhD*

Thursday, November 30, 2023
11:00am - 12:30pm
Virtual Event

Our PISCE fall speaker is [Dr. Megan Clarke Roberts](#), Assistant Professor in the Division of Pharmaceutical Outcomes and Policy and Director of Implementation Science in Precision Health and Society at the University of North Carolina Eshelman School of Pharmacy.

The Zoom link will be provided to those who register.

RSVP ASAP

Pre-D&I Poster Practice Session

Thursday, December 6, 2023
2:30pm - 5:30pm
The HUB at CHOP

Join us on December 6th for the Pre-D&I Conference Poster Practice Session. This practice session is for presenters wanting feedback and attendees interested in giving feedback. You **DO NOT** have to be attending the

conference to be an attendee of this session!

This event is only in-person. Register below and specify if you need any special tools/set up to present.

RSVP HERE

Winter Fireside Chat *with Dr. Lee Fleisher*

Friday, January 12, 2024
12:30pm - 1:30pm
Virtual Event

We invite you to join us next spring for our Winter Fireside Chat with [Dr. Lee Fleisher](#), Emeritus Professor of Anesthesiology and Critical Care and former Chief Medical Officer and Director of the Center for Clinical Standards and Quality at the Centers for Medicare & Medicaid Services (CMS).

The Zoom link will be provided to those who register.

2024 Works in Progress Meetings

Tuesday, January 9, 2024
2:00pm - 3:00pm
Hybrid

In-person Location: Stemmler Hall, Room 316

Light refreshments will be provided to on-person attendees!

Register Here

Are you Penn/CHOP faculty, staff or student and interested in adding an implementation science lens or aim(s) to your research project?

Implementation Science News

The cross-journal Collection, [Implementation of Evidence-Based Practices for Improving Maternal and Neonatal Health](#), is now officially open for submissions.

This collection, by Implementation Science and Implementation Science Communications, welcomes submissions of research in high- and low-income countries and spanning preconception, pregnancy, intrapartum, and postpartum care, as well as outpatient, inpatient, and community-based settings.

Investigations that incorporate health equity considerations, with a goal of ensuring that all people can access evidence-based care to improve the health of birthing populations, are encouraged. In addition, we encourage work that takes a community engaged approach to research.

Submission Deadline: 30 April 2024

Click [here](#) to submit.

Educational Opportunities

Penn Implementation Science Certificate

In January, applications will open for the Summer 2024 start of the Implementation Science Certificate! Current degree-enrolled students and nonstudents are both eligible to apply. **Admission is open to ALL**. Click [here](#) for more information.

Save The Date! **The 8th Annual** **Penn Implementation Science Institute**

June 11-14, 2024
Virtual

Registration will open in early 2024. Please share the [Save The Date](#) with anyone who may be interested in attending!

Conferences

16th Annual D&I Conference ***Raising Expectations for D&I Science: Challenges and Opportunities***

December 10-13, 2023
Crystal Gateway Marriott, Arlington, VA

This year's conference will concentrate on methodological progress, including areas needing growth, and continuing to advance the empirical and theoretical base for both experimental and observational research across the globe.

D&I Conference Happy Hour

December 11, 2023
6:30pm - 8:30pm
Highline RxR, Arlington, VA

Join us this December as we head to the 16th Annual Academy Health Dissemination & Implementation Conference in Arlington, Virginia. While you are there, stop by Highline RxR (*located minutes from the hotel*) to relax and network with us!

Job Opportunities

Assistant Professor - Epidemiology - Implementation Science at the University of Pennsylvania Perelman School of Medicine

The Department of Biostatistics, Epidemiology and Informatics at the Perelman School of Medicine at the University of Pennsylvania is seeking candidates for several Assistant Professor positions in either the non-tenure clinician educator track or the tenure track. Expertise is required in the specific area of implementation science methods development and applications, with the ability to establish oneself as a research leader in their area of specialization.

Qualifications:

- Applicants must have a Ph.D. or equivalent degree.

For more information and the application, click [here](#). **Deadline to apply is August 18, 2025.**

Tenure-Track Implementation Science Faculty at the TSET Health Promotion Research Center (HPRC)

The TSET Health Promotion Research Center (HPRC) at the NCI Designated Stephenson Cancer Center and University of Oklahoma Health Sciences Center (OUHSC) is seeking applicants for 3 tenure-track faculty with a focus on dissemination and implementation (D&I) science principles and healthcare delivery within a growing portfolio of cancer prevention and control research.

Qualifications:

- Doctoral level degree in a health-related field

For more information and the application, click [here](#). **Open until filled.**
