8th Annual Penn Implementation Science Institute (ISI) Registration Closes Soon!

The Penn Implementation Science Center (PISCE) and Master of Science in Health Policy research (MSHP) are hosting the 8th Annual Penn Implementation Science Institute. ISI will teach participants the tools to design and execute rigorous implementation science research through live speakers and presentations, brainstorming sessions, and group discussions. ***Participants can register until May 14th.*** Those who attend the full 4-day institute are eligible for 0.5 credit through the MSHP program at Penn.

Researcher Symposium

Transforming Your Research Agenda with Implementation Science

10/16/2024
From 8:30 - 4:30pm (EST)
Claire M Fagin Hall

SPEAKER

Anne Sales, PhD, RN, FAAN
Nurse & Professor, MU

SAVE THE DATE

(PISCE) and The School of Nursing are hosting a Research Symposium on October 16, 2024 from 8:30am - 4:30pm (EST) with Keynote Speaker [Anne Sales, PhD, RN, FAAN](#) from the University of Missouri. It is designed with specific information for researchers at all levels of their careers and interested in increasing their knowledge of implementation science in their work.

Implementation Science Certificate Program Fall 2024 Admissions

DEADLINE
JULY 5, 2024

**FALL 2024
IMPLEMENTATION
SCIENCE CERTIFICATE
ADMISSIONS**

<https://bit.ly/ISCertificate>
kathryn.oboye@pennmedicine.upenn.edu

The Penn Implementation Science Certificate Program will equip the next generation of implementation scientists with the knowledge and skills needed to conduct rigorous, contextualized, and meaningful implementation research through a combination of virtual didactics, experiential learning, and mentorship.

Deadline to apply for the Fall 2024 Cohort is July 5, 2024.

Educational Opportunities

Certificate in Implementation Science

Looking to develop expertise in Implementation Science? The Penn Implementation Science Certificate Program will equip the next generation of early career colleagues with the knowledge and skills needed to conduct rigorous, contextualized, and meaningful Implementation research.

Fall application deadline is July 5th.

Coincidence Analysis (CNA) Workshop

May 20-23, 2024

RUSH University Medical Center, Chicago, IL

Registration is now open for the four-day CNA training event held in person from May 20-23, 2024, in Chicago. This event will be located at RUSH University, and hosted by RUSH faculty members John Rich, MD and Ted Corbin, MD. No prior knowledge of CNA is required. This will be the first time in seven years that this workshop has been offered in the United States. In addition, the 2-day CNA conference in Chicago that immediately follows the training is now accepting abstracts.

8th Annual Implementation Science Institute

June 11-14, 2024

12:00pm - 5:00pm (EST)

The 8th Annual Implementation Science Institute will be held from June 11th to June 14th. ISI provides participants with the tools to design and execute rigorous implementation science research. Limited scholarships will be available for affiliates of the University of Pennsylvania, Children's Hospital of Philadelphia (CHOP), Hospital of the University of Pennsylvania (HUP) and the Philadelphia VA Medical Center (PVAMC).

Registration opens soon!

Job Opportunities

Co-Director - Senior (Full or Associate Professor-level) Investigator

The Department of Medicine at the Boston University Chobanian & Avedisian School of Medicine is recruiting a senior (Full or Associate Professor-level) investigator to join our faculty and to Co-Direct the Evans Center for Implementation and Improvement Sciences (CIIS). CIIS is an active cross-section, cross- departmental safety net implementation science center that was established in late 2015. The position includes a primary faculty appointment within the appropriate section in the Department of Medicine based on training and specialty.

Qualifications: Applicants must have a MD, PhD or other doctoral degree, implementation science research methods experience and a track record of independent funding.

For more information and how to apply, click [here](#).

Assistant Professor - Epidemiology - Implementation Science at the University of Pennsylvania Perelman School of Medicine

The Department of Biostatistics, Epidemiology and Informatics at the Perelman School of Medicine at the University of Pennsylvania is seeking candidates for several Assistant Professor positions in either the non-tenure clinician educator track or the tenure track. Expertise is required in the specific area of implementation science methods development and applications, with the ability to establish oneself as a research leader in their area of specialization.

Qualifications: Applicants must have a Ph.D. or equivalent degree.

For more information and the application, click [here](#). **Deadline to apply is August 18, 2025.**

Research & Funding Opportunities

[The National Center for Mental Health Dissemination, Implementation and Sustainment Cooperative Agreement](#)

Deadline - June 10, 2024

Funding Amount - \$37,335,030 (5 years)
