

#### COURSE OVERVIEW

During these unprecedented times of the COVID-19 crisis healthcare leaders are challenged with providing additional resources to front-line managers on clinical educational topics to enhance their staff's competency and resilience.

Health care managers are leading in a time of transformation and transition and this education is designed to provide ideas and best practices around leading yourself and your team during adversity with the COVID-19 crisis and beyond.

#### TARGET AUDIENCE

This activity is intended for physicians, nurses, physician assistants, nurse practitioners and healthcare administration staff and leaders in the Health System.

#### EDUCATIONAL OBJECTIVES

Upon completion of this activity, learners should be able to:

- Gain an understanding of the evolution of Penn Medicine and how intentional decisions and key learnings from the past are shaping our organization now and serving us into the future
- Learn from their leadership experiences and career journey to identify development actions
- Connect with others and share leadership tips with each other
