

COURSE OVERVIEW

During these unprecedented times of the COVID-19 crisis healthcare leaders are challenged with providing additional resources to front-line managers on clinical educational topics to enhance their staff's competency and resilience. Health care managers are leading in a time of transformation and transition and this education is designed to provide ideas and best practices around leading yourself and your team during adversity with the COVID-19 crisis and beyond.

TARGET AUDIENCE

This activity is intended for physicians, nurses, physician assistants, nurse practitioners and healthcare administration staff and leaders in the Health System.

EDUCATIONAL OBJECTIVES

Upon completion of this activity, learners should be able to:

- Review key defining characteristics of creative problem solving
- Establish a strong culture of developing a growth mindset, seeking opportunities to do things differently and taking risks
- Share your own creative problem solving tips and get ideas from others
