

COURSE OVERVIEW

During these unprecedented times of the COVID-19 crisis healthcare leaders are challenged with providing additional resources to front-line managers on clinical educational topics to enhance their staff's competency and resilience. Health care managers are leading in a time of transformation and transition and this education is designed to provide ideas and best practices around leading yourself and your team during adversity with the COVID-19 crisis and beyond.

Join Cindy Morgan, VP, Organization Development & Learning; **Roy Schwartz, MBA, VP, Managed Care and Payer Relations; Mitch Schnall, MD, PhD, Chair, Department of Radiology; and Matt Press, MD, Physician Executive, Penn Primary Care**, to learn more about the expansion of Value Based Healthcare at Penn Medicine. Hear firsthand from our internal experts leading the charge and their learnings about the risks and opportunities for Penn Medicine as our market evolves to be more value driven. Bring your questions and come to share your own change management strategy.

TARGET AUDIENCE

This activity is intended for physicians, nurses, physician assistants, nurse practitioners and healthcare administration staff and leaders in the Health System.

EDUCATIONAL OBJECTIVES

Upon completion of this activity, learners should be able to:

- Apply key principles of value based care and its evolution
- Discuss impact of value based care to patients and Penn Medicine overall
- Explore key success stories and learn tips for managing through change
- Share your experience's and get ideas from others
