

COURSE OVERVIEW

During these unprecedented times of the COVID-19 crisis healthcare leaders are challenged with providing additional resources to front-line managers on clinical educational topics to enhance their staff's competency and resilience. Health care managers are leading in a time of transformation and transition and this education is designed to provide ideas and best practices around leading yourself and your team during adversity with the COVID-19 crisis and beyond.

Wondering how Penn Medicine is answering the call for greater healthy equity in our community?

Join **Cindy Morgan**, VP, Organization Development & Learning, **Richard C. Wender, MD**, Chair, Family Medicine and Community Health, **Carmen E. Guerra, MD**, Vice Chair of Diversity and Inclusion, Department of Medicine, Associate Director of Diversity and Outreach, Abramson Cancer Center; and **Alice Yoder**, Executive Director, Community Health, LGH, to understand our critically important strategies for serving our community. Learn how Penn Medicine is addressing health disparities to improve the health of our overall community and how YOU can get involved.

TARGET AUDIENCE

This activity is intended for physicians, nurses, physician assistants, nurse practitioners and healthcare administration staff and leaders in the Health System.

EDUCATIONAL OBJECTIVES

Upon completion of this activity, learners should be able to:

- Explore key factors and challenges in improving community health
- Discuss opportunities for addressing health disparities and building partnerships to advance the health of our overall community
- Explore top tips for driving greater health equity
- Share your experiences and gain ideas from others
